Serial Number	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of the claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any of court of final appeal and settlement
1	2	3	4	5	6	7	8
1	The Ryots of Mallathahalli	13th March 1940.	They oppose the inclusion of any area from their village	That they have only an extent of 170-0 acres of gomal for 573 cattle. As per rules they require all this area, that the gomal land available is inferior in quality and that even grass does not grow well here. Hence oppose the inclusion totally.	Out of Mallathahalli village only 40 acres and 17 guntas is taken up for this Block. As the area taken up is very small there seems to be no hardship for the villagers. If necessary the cattle may be allowed to graze under the lumpsum grazing fee system.	The small area now proposed to be added to the State Forest will not materially affect the ryots. But grazing may be permitted at a concession rate of Re. 0-1-6 per head of cattle in this Block.	
2	Nagadevanahalli		Do	That the gomal existing is insufficient, and inferior consisting of hallas and stony areas and hence total opposition to inclusion of any area.	Area taken out of this village is only 135-24 acres. The number of cattle is 146 big and 256 small. There is a balance area of 227-33 of kharab and 41-0 of gomal with total area of 268-33. This village may also be included in the lumpsum grazing fee system.	As the gomal Survey Nos. 28-29 and Kharab No. 27 are entirely proposed to be taken, the cattle of this village may be allowed free grazing as agreed to by the District Forest Officer in his No. 7359, dated 29th March 1935.	
3	Kenchenahalli		Do	Same as above.	Only 58-0 acres is taken up for this block. The number of cattle is 136+50. The area left for the village grazing is as below.— Kharab ... 157—29 Gomal ... 95—5 Total ... 252—34 This area is quite sufficient. This village cattle may also be permitted to graze under lumpsum grazing fee system.	Concession to be shown as in the case of Mallattahalli ryots. *i.e.*, 0-1-6 per head of cattle.	
4	Mr. C. V. Rangiah, Bangalore	By Petition, dated 17th October '36	No objection; for the constitution but prays for exclusion of certain of his cultivated lands from this Block. Prays also for a margin of 33' width along the margin of his lands, from the proposed block.			Heard the villagers also and a decision has been arrived at to-day on all points.
